

1, 2, 3, VOTE!

Digital Scan Voting with the DS200®

1 Mark Ballot

To vote, complete the oval to the LEFT of your choice, as shown. To cast a write-in vote, complete the oval to the left of write in space. then print the candidate's name.

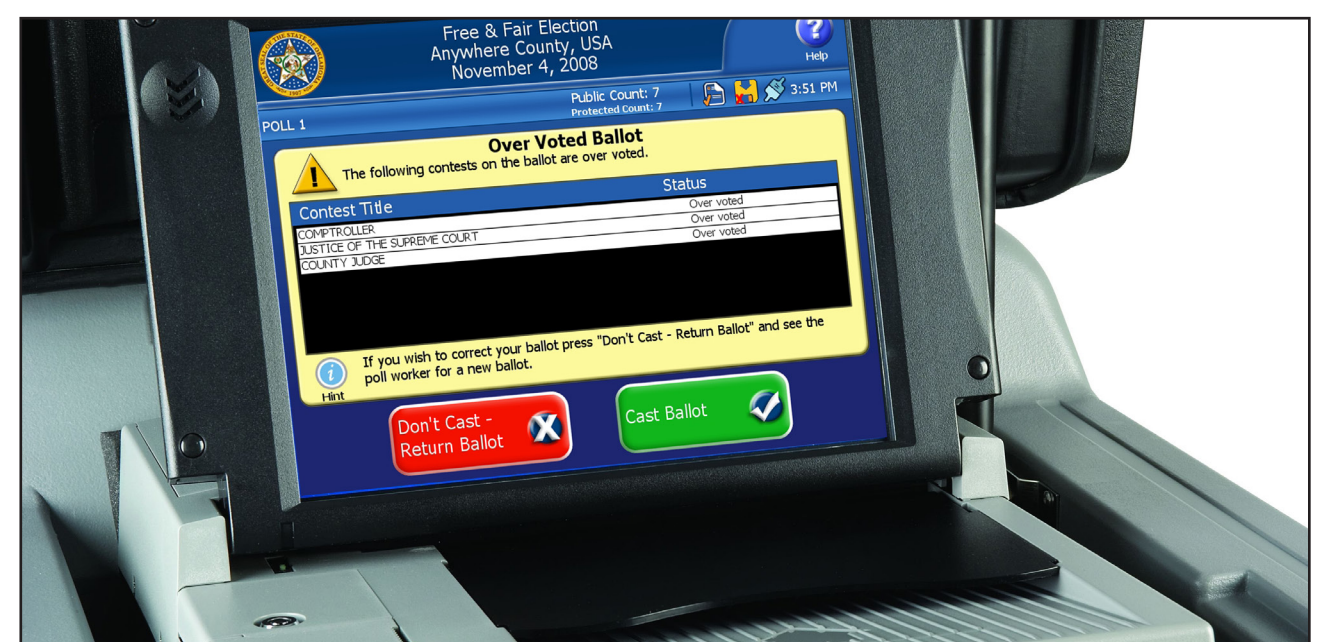

2 Insert Ballot

Insert your ballot into the DS200. Your ballot can be accepted in any orientation (backwards, upside down, etc.)

3 Review Ballot

A poll worker will verify the display to see whether there are any issues with the ballot, such as overvoting and blank ballots.

Correctly mark your ballot

It is important to mark your ballot properly before inserting it into the DS200 to ensure that your votes are counted correctly.

- Mark your ballot by completely darkening the oval next to your choice. Do not use an "x" or other notation.
- Make sure all of the races you intend to vote in are marked appropriately.
- Do not mark more than the allowable number of selections.
- If you make a mistake when marking your ballot, please ask the election officials for a replacement ballot.

Do not fold your ballot before inserting it into the DS200.

maintaining voter confidence. enhancing the voting experience.
